INDEX TO 1972 ARTICLES IN WELDING DESIGN & FABRICATION

Want to find all the information in articles by subject?

Below the titles at the top of the page are ■'s and numbers. ■'s lie opposite major subjects on the left; Numbers opposite secondary subjects. Numbers indicate relative importance in articles of secondary subjects.

	Page	Title
	37	Designer's Guide To High-Strength Steels
	40	Welding High-Strength Steels
	42	Twelve Jobs
	50	Grinding Wheel Safety Part 1
	49	A Review of NDT Methods
	53	NDT For Hot Reactors
	54	Argon, And Other Shielding Gases Part 2
	58	Should You Weld With Explosives?
	60	Make Your Own Nomographs Part 1
	64	Grinding Wheel Safety Part 2
	66	Slot Welding Aluminum Panels
	41	The Widening Horizons of Electron Beam Welding
	46	Heavy Pressure Vessels--Overlaying
	50	Bringing Along a Welder
	54	Productivity In Wire Products Part 2
	60	Boning Up On Aluminum Brazing Part 2
	64	Is Stick (Sob) Dead?
	59	Weldments In Machine Tools
	64	Make Your Own Nomographs Part 2
	72	Get Acquainted With Aluminum Brazing Part 3
	76	The Small World of Resistance Welding
	84	New Steel, Lighter Transit Cars
	39	Heavy Columns Need Close, Fast Work
	44	Cutting It Close
	48	Sensors Monitor Spot Welding
	52	Are You Really Cost Conscious?
	56	Get Acquainted With Aluminum Brazing Part 4
	60	Brazing In A Vacuum
	49	Nuclear Construction Takes Off
	50	Nuclear Power Plants and Welding
	51	Power Structure
	53	The Pieces Go Together
		January
		February
		March
		April
		May
		June
Awards		
Brazing		
Bridges	3	
Buildings	2	
Codes		
Conversions		
Cutting: flame, plasma, gouging		
Design	1	4
Education, training		
Explosive: forming, welding		
Fabricating methods	5	2
Fabricating machinery	3	
Gases: burning, shielding		
Grinding		
Handling, material processing		
Hardsurfacing: overlay, spray		
Inspection: test, quality		
Instrumentation, equipment		
Maintenance: equipment, repair		
Management: cost, buying	2	
Metals, general		
Metals, aluminum		
Metals: steel, all types		
Metals, stainless, nickel alloys		
Mobile equipment, rolling		
Nuclear		
Pipe, tube		
Safety		1
Shipbuilding		
Specifications, applications	1	
Structural		
Vessels: tanks, cylinders		
Welding: automatic, semiautomatic		
Welding: aids, new processes		
Welding: electron beam, laser		
Welding: friction, inertia		
Welding: general, basic subject	1	
Welding: Tig, Mig, plasma		
Welding, resistance		
Welding, vertical		
Weldments
